3. Reconnection Charge

When service has been terminated for nonpayment, a reconnection charge, along with any outstanding balance, must be paid prior to re-establishing service.

4. Disconnection Charge

In the event of non-payment of sewer services, the utility shall mail or otherwise deliver to the delinquent customer five (5) days written notice of intent to terminate service. Under no circumstances shall service be terminated before twenty (20) days after the mailing date of the original unpaid bill

If the customer has been given proper notice and fails to pay the bill, the utility will first attempt to have water service shut-off at customer's location through cooperation with the utility providing water service at the customer's location. If water service is shut-off, the customer will be subject to any and all appropriate charges imposed by the water utility for disconnection and reconnection of service. These charges will be billed by and paid to the water utility.

If the water utility does not cooperate with the aforementioned process, then Chimney Rock Waster Management will be forced to disconnect the sewer service. The amount of the charge to be assessed when the sewer utility disconnects service for non-payment of service shall be the actual cost the sewer utility incurs to disconnect the sewer service. The customer shall be given a billing summary itemizing the amounts of the bill for disconnection.

Once the sewer has been disconnected, the local heath department will be notified to declare the residence uninhabitable.
